About our regulatory & litigation practices

« Parallel Avocats AARPI's assists clients in shifting towards alternative operating models, executing the necessary legal work for successful launches, as well as shaping and negotiating contracts that frequently have a cross-border nexus. It also handles complex litigious matters involving technology and unfair competition claims. »

« Michel Leclerc and Arthur Millerand's expertise on tech files in general and platforms in particular is indisputable, in parallel with their generalist side since they intervene for all files both in advice and in litigation. »

Key clients: Airbnb, Jellysmack, Brigad, inmemori, Opngo, iAdvize...
